

HANGING SIGN SETUP GUIDE

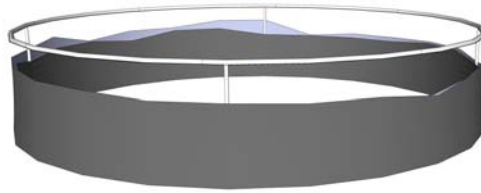

1. Remove all pieces from packaging and assemble by snapping together each piece with the corresponding code.

2. Lay the frame with eyebolt side up on a clean surface and slide the graphic underneath with the zipper side up.

3. Pull the graphic up the frame and close each point where a zipper meets.

4. Slowly seal the graphic by gently pulling up the graphic with one hand as the zipper is sealed with the other until.

5. Affix the hanging cables to the eyebolts and to the central hanging point.
